ADDENDUM NO.2
Request for EOI Technical Assistant Consultancy Services for the Jordan Water Sector Efficiency Programm
Tender no.18/2024

#	Clarifications	Answers
1	would our involvement with this Technical Assistance project stop us from being able to work on any of the implementation works later on?	Yes, the selected TA shall not apply for any implementation works for JWSEP, since this TA will be involved in all procurement procedures under the program.
2	Appreciate granting an extension to the submission deadline of at least (2) weeks.	The deadline of the submission will be extended to July 4 th , 2024. The applicants are to be aware that this is only a Request for Expression of Interest and that they are not supposed to submit a technical and financial proposal. Based on the submitted EOIs, shortlisted consultants shall receive the Request For Proposals in which they will be invited to develop a full proposal.
3	Just to confirm you are currently looking for a company to engage with to assist in the build of the tender and work with you in the early period of the large project that is the work to reduce the NRW. This tender to do the work in reducing NRW will come later Am I correct in my assumptions	Refer to the attached ToR-sections 'II. Project Description' for detailed description of the scope of this project. And section 'VI. Scope of services and tasks'.
4	would working on this Technical Assignment prevent them being able to work on the main delivery of the projects later on?	Refer to answer one

5	As per the REOI, the services requested by the Technical Assistance Consultant includes: coordinating project planning, monitoring, technical review of tender documents, advisory services on technical and project management matters, training and capacity building support, implementation progress monitoring, performance tracking against key indicators, and providing risk management planning and oversight support on environmental and social issues. Will the services also include engineering services for the project objectives or will engineering services be procured separately?	Refer to the attached ToR-sections 'II. Project Description' for detailed description of the scope of this project. And section 'VI. Scope of services and tasks'.
6	Given the tight schedule for the preparation the (EOI) for the aforementioned project, and in order to ensure the consultant can develop a thorough document that fully meets client requirements, I strongly request that the submission deadline be extended by one week. This extension is crucial for maintaining the quality and comprehensiveness of our submission.	Refer to answer two.
