

Invitation to Prequalification
Upgrade & Rehabilitation (DBO) for South Amman WWTP
Tender No. 46/2024

The Hashemite Kingdom of Jordan (hereinafter called "Recipient") has received financing from the German Government through KfW Development Bank ("KfW") towards the cost of **Upgrade & Rehabilitation (DBO) for South Amman WWTP at South Amman** and intends to apply the proceeds toward payments under the contract.

The Water Authority of Jordan, acting as implementing agency of the Recipient and referred to as the "Employer", now invites sealed Applications for the Upgrade & Rehabilitation (DBO) for South Amman WWTP.

Background

South Amman WWTP is in the Southern part of Greater Amman at an elevation of 690 masl. It was operated in 2015 to serve the densely populated southern part of Amman. It is the 2nd largest WWTP in Jordan.

Operations of South Amman WWTP for Phase One Expansion

Water Authority of Jordan (WAJ) oversees water and sanitation service provision directly or through public companies that it owns. Miyahuna is a water and sanitation services company owned by WAJ and manages and operates water and sanitation services in the capital Amman and other areas in the middle region of Jordan. The current operator for South Amman WWTP is Miyahuna.

The Contractor shall operate and maintain the WWTP for a period of 15 years after the successful commissioning date under FIDIC Gold Book conditions. After that period, operation, and maintenance shall be transferred to WAJ.

Bidding will be conducted by means of the International Competitive Bidding procedure with qualification as specified in the KfW's Procurement Guidelines ("Guidelines").

Eligible Applicants

Sole Applicants:

Local Jordanian Contractors shall be classified as First Grade in Wastewater Treatment Plants works, First Grade Electromechanical/Renewable Energy, and First Grade in Building Construction as per GTD Classification. Applicant must demonstrate experience in design, build, and operate of WWTPs as indicated in 4.2 (b) and 6.3 (b) Experience in Key Activities.

International Contractors shall at least demonstrate equivalent qualifications by experience for the scope described above.

Or consortium (Joint Venture) of an international and/or Local Contractor with experience in equivalent WWTP projects. Local Jordanian Contractors JV shall be classified as Grade (1) in Construction/Building works, first grade in WWTP, and first grade in Electromechanical/Renewable Energy as per GTD Classification. International Contractors shall demonstrate at least equivalent qualifications by experience for the scope described above. The lead Partner must demonstrate experience in design, build, and operate of WWTPs as indicated in 4.2 (b) and 6.3 (b) Experience in Key Activities.

The Prequalification Document is available to the Applicants at the following address, which shall be the controlling address for the purposes of the timely submission of the Application.:
